The Anderson Humane Society is a 501(c)(3) certified non-profit organization since 1981. We receive no local, state, or federal tax support. We are able to provide our programs and services thanks to the generosity of individuals, corporations and foundations.

When television icon Betty White died on New Year's Eve, she left behind a legacy of joy. Social media was flooded with positive messages about the actress, many remembering White for her two passions: acting and animals. Now, social media users are spreading the [#BettyWhiteChallenge](https://www.tiktok.com/tag/BettyWhiteChallenge), which encourages people to donate to animal shelters in White's honor.

When White's former costar Ryan Reynolds tweeted about his friend's passing, a Twitter user named Lisa Powell replied: "Let's all donate something to your local animal shelter in her honor! It's the least we can do to still celebrate & honor Betty's love of animals!!"

"THINK of all the animals we would help. I'm IN! Please pass this on," one Twitter user wrote.

"Betty White was an animal advocate all her life. If all of Betty's fans donated to an animal rescue, imagine how many animals would be saved in her honor," another tweeted. White herself was a volunteer and board member of American Humane, the first national humane organization in the U.S. and the largest certifier of animal welfare in the world.

"For nearly a century, Betty White has been a tireless and devoted animal welfare advocate and we are proud to have known her for 70 years — longer than any other supporter in our history," American Humane President and CEO Dr. Robin Ganzert said in a statement. "We bestowed our highest honor, the National Humanitarian Medal, on Betty because she reflected our core values of compassion, caring and hope." Ganzert said White "dedicated herself to protecting and improving the quality of life for animals worldwide."

If you would like to make a donation in honor of Betty White and her love of animals, you can donate online: www.andersonhumane.org/give-back/ or you can mail your donation to: P.O. Box 494, Lawrenceburg, KY 40342.

SPECIAL NEEDS ANIMALS

"October" (aka "Toby") was a black female kitten that needed a leg amputation. Her medical bills were \$397.84, and we received donations from members and friends in the amount of \$395. October now has a wonderful home in Louisville.

"Chance" was a four month old hound mix with a broken leg and had to have pins put in. His medical bills totaled \$1082.04. We received donations from members and friends in the amount of \$825. Chance is currently in a foster home and will be adopted by the fosters.

"Biscuit" and "Cornbread" were two young beagle pups that came to us with parvo. Their medical bills totaled \$293.27. We received donations from members and friends in the amount of \$300. Biscuit is now living a wonderful life in West Virginia, but unfortunately Cornbread did not recover.

"Maple" (an extremely emaciated adult bloodhound) could barely stand when she came to us. Her medical bills totaled \$376.84. We received donations from members and friends in the amount of \$430. Maple was able to spend her life in a wonderful foster home until she fell ill and was diagnosed with a belly full of cancer. The decision was made to let her go.

Unfortunately, not all of the animals who come to us get the happy ending that we hope for. But none of these animals would have known any love and care if it were not for the kindness and support that the Anderson Humane Society receives from our friends, members and donors. Thank you.
